PRIME ACADEMIC PROJECTS

Understanding Sabarmati: An In-Depth Urban Study:The aim of this studio is to conduct a comprehensive analysis of a 1 square kilometer area in Sabarmati, Ahmedabad. We will examine the urban fabric and morphology while exploring the city's various dimensions, including socio-economic factors, infrastructure, services, and community dynamics.

Urban Transformation in Ahmedabad's TOZ and CBD:This project focuses on the need for redevelopment in brownfield areas of Ahmedabad, specifically along the Transit Oriented Zone (TOZ) and Central Business District (CBD). We will analyze project feasibility and assess the implications of building heights and margins in accordance with the General Development Control Regulations (GDCR) guidelines.

Salem Transit Oriented Development Initiative:This proposal outlines a Transit Oriented Development (TOD) project within the Salem Smart City Mission, targeting the revitalization of the intracity bus terminus and the riverfront at the center of Salem, Tamil Nadu. The project aims to address the current challenges of the bus terminus while adopting a people-centric design approach to enhance living standards for residents.
