Amity International School | Percentage – 91.2 %

SOFTWARE SKILLS

ArcGIS | Adobe InDesign | Adobe Photoshop | AutoCad | Revit | SketchUp | MS-Office | Lumion | CorelDraw

AREA OF INTEREST

Land Use Planning | Project Co-ordination | Local Area Planning | Place-making

PRIME ACADEMIC PROJECTS

1. UERP STUDIO: Preparation of Local Area Plan for Bopal, Ahmedabad (Semester III)

The studio aims to critically analyse various statutory and non – statutory processes as well as understand implementation of micro-level planning to deliver solutions for existing issues.

2. SUMMER SCHOOL 2019: Insurgent Public Spaces of Mumbai

The course aimed to map stories that represent struggles faced by communities and individuals in search of their expressions in the public realm and consequently explore boundaries and power relations that conform the public sphere and have a nuanced knowledge of public space design.

3. DP STUDIO: Making Development Plan for Bharuch and Ankleshwar 2041 (Semester II)

Studio includes data collection through primary and secondary sources, base map preparation and existing situation analysis. It aims to prepare a DP integrating various sectors such as land use, transport, infrastructure, housing, economy, environment etc. and estimate cost, identify revenue sources, and monitoring mechanism to ensure maximum implementation of the plan.

4. URBAN PLANNING: Understanding the City of Ahmedabad (Semester I)

The studio aimed to study various elements of planning through a case study of 1 sq km precinct of Jodhpur Tekra. The research focused on identifying linkages between elements and understanding people's choices by analysing the area both spatially and physically through indicators such as built form, land character, housing, economy, travel behaviour and public realm.

CONFERENCES ATTENDED

- National Conference on Urban Environmental Management in India: Problems and Prospects
- Jan 2018 National Seminar on Architecture Theory & Praxis, Apeejay School, Delhi
