ABOUT ME

Understanding Culture and Tradition through spaces, stories, principles are some of the factors which led me to pursue Heritage Conservation as a specialisation.

Living up to the standards of Design, Reading and working on Sustainable Architecture for a better future of living, is my design intellection, with penchant for working with organizations and supporting the cause.

EXPERIENCE

● July 2020 -
Dec 2020

Direct Research Project

under Ar. Sangeeta Bias, Dharohar, Delhi
