SUMMARY

As an architecture student and passionate designer, I approach creativity holistically, blending art, architecture, and disciplined thinking. I believe our designs mirror our worldview, and I strive to reflect this through my work. With a curiosity for visualization and a drive for excellence, I aim to shape spaces that embody deeper meaning and vision.

EXPERIENCE

Teaching Assistant

CEPT University (04 Months; January, 2025 – April, 2025)

I assisted in the course 'Case Studies in Housing Design,' facilitating research, discussions, and analysis of housing projects under faculty mentorship. Guided students in critical thinking, design methodologies, and comparative studies. This role enhanced my understanding of academic structuring, pedagogy, and collaborative learning while refining my communication and mentorship skills.

Designex Architects, Ludhiana

Junior Architect (02 Months; May, 2023 – July, 2023)

I contributed to the conceptualization, presentation drawings, and modelling for ongoing residential and institutional projects. My role involved site visits, attending client meetings, and providing direct support throughout the design process.

INTERNSHIP

Architecture Paradigm, Bangalore

Architectural Intern (06 Months; June, 2022 - November, 2022)

I gained valuable experience working on ongoing residential and institutional projects, collaborating closely with senior architects and the office team. I actively took on responsibilities, contributing to presentation drawings, working drawings, project reports, and 3D modelling, all in alignment with discussions and guidance from senior professionals.

Designex Architects, Ludhiana

Summer Intern (04 Months; May, 2021 – August, 2021)

During this period, I became more aware of my interests and abilities. I worked on a variety of projects at different stages and admired teamwork.

EDUCATION

Master of Housing Design (2023- 2025) * Currently Pursuing

CEPT University | G.P.A. – 3.33 / 5.00

Bachelor of Architecture (2018-2023)

Board – 10th (2016)

DAV Public School | Percentage – 91.2%

SOFTWARE SKILLS

AutoCAD, SketchUp, Adobe Suite (Photoshop, Illustrator, InDesign), Lumion, Enscape, MS Office

AREA OF INTEREST

I enjoy residential architecture while I am also interested in master planning for larger projects. The most appealing aspect to me is the conceptualization and creation of unconventional design, which involves pushing boundaries and brainstorming ideas. I enjoy constant discussions and critiques from the team, which help me delve deeper into my idea and concept.

PRIME ACADEMIC PROJECTS

1. **Suburban Housing:** The suburban housing project was designed to meet the evolving needs and aspirations of the people of Ludhiana. It featured an innovative concept of luxury villa-style apartments, with a focus on seamless integration between architecture and landscape on grade level.
 2. **Campus Design:** The master planning of the campus design project incorporated the principles of the golden ratio, effectively showcasing the site's irregularities and unique characteristics to their fullest potential.
 3. **Quarantine Facility:** A team of four designed a quarantine facility with a focus on rapid construction and installation, while prioritizing operational efficiency and functionality.
 4. **Museum Design:** The museum's design was approached with a strong emphasis on user experience, ensuring intuitive navigation where visitors naturally know where to proceed without the need for guidance. The layout was crafted to create seamless transitions between levels, enhancing the flow and continuity of the spatial journey.
-
