Urban Design, Exploring Urban Forms and Spaces, Research and Analysis, Academic Writing, Urban Finance, Economics, Architectural Design.

---

## PRIME ACADEMIC PROJECTS

**The Housing Typologies on Untenable Terrains** : It investigates housing issues in Mumbai, focusing on informal settlements on hilly slopes. It aims to devise model housing prototypes for SRA schemes, integrating natural, social, and economic considerations and incorporating advancements in slope construction technology. Through this research, the goal is to enhance liveability, address social disparities, and promote sustainable urban development in Mumbai.

**Thaltej Lake Street Design in Ahmedabad:** It involved analysing and proposing improvements for the street surrounding Thaltej Lake, located in the western area of Ahmedabad. The main aim was to reconsider inactive and impermeable transitional boundaries within the public space, with the goal of enhancing social interaction and fostering community involvement.

---
