Letter of Recommendation

To Whom So Ever It May Concern

I am writing this letter of recommendation in support of Mr. D. Vishnu Asrith.

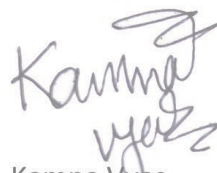

I am Kamna Vyas, I am a young interior designer graduated from Faculty of Design, CEPT University. I am a key coordinator for the Exhibition Design office for the CEPT Winter Exhibition 2019. I have been successfully running my interdisciplinary design practice, working mainly on customised as well as turnkey projects. In the field of interior design, exhibition design, wedding installation design and performance design.

I am confident that Vishnu will measure up to your expectations in completing the tasks that are given to him. While working with us, he faced numerous deadlines and a lot of pressure from our end, and as always, he completed them on time and always with a great attitude.

One of his major qualities is that he is very hardworking. He was extremely helpful to our projects and he has been providing us top quality 3d visuals for the given design and construction documentation for various kind of projects. He has always accepted directions well and was meticulous in following them.

My best wishes to him and his future endeavours.

Sincerely,

A handwritten signature in black ink that reads "Kamna Vyas". The signature is written in a cursive, slightly slanted style.

Kamna Vyas,

Interior Designer
